

Wenyu WANG

CONTACT	Innovation 4.0, 3 Research Link, #04-01, Singapore 117602	wang.wenyu@u.nus.edu https://ivywenyu.github.io/
RESEARCH INTERESTS	My research lies at the intersection of game theory, mechanism design, and optimization under uncertainty. Broadly, I am interested in multi-agent decision-making in online marketplaces, with a particular focus on learning and strategic interactions in competitive environments.	
EDUCATION	National University of Singapore • Ph.D. in Operations Research and Analytics • Advisor: Bar Light	Singapore Aug 2024–Present
	Shanghai University of Finance and Economics • M.S. in Optimization and Cybernetics • Advisor: Xueting Cui	Shanghai, China Sep 2021– Jun 2024
	Shanghai University of Finance and Economics • B.S. in Mathematics and Applied Mathematics • Bachelor of Honor	Shanghai, China Sep 2017– Jun 2021
WORKING PAPERS	W1. “Conjectural Variations in Competitive Dynamic Pricing: A Learning Foundation via Experimentation Design and Feedback Structure” with Bar Light. [Link]	
EXPERIENCES	Algorithm Intern , Yum China • Designed algorithms for scheduling problems.	Sep 2022– Jan 2023
	Data Science Intern , Uniqlo • Worked on inventory transportation problems.	Jan 2022–Jul 2022
SELECTED TALKS	<i>Conjectural Variations in Competitive Dynamic Pricing: A Learning Foundation via Experimentation Design and Feedback Structure</i> • 16th POMS-HK International Conference, Shenzhen	
		Jan 2026
SELECTED HONORS AND AWARDS	NUS Research Scholarship Outstanding Graduate Award, SUFE Shanghai Outstanding Undergraduate Student Award Shanghai Scholarship, Ministry of Education of Shanghai	2024–2028 2024 2021 2019

TEACHING
EXPERIENCE**National University of Singapore, Teaching Assistant**

- DBA5113: Data Science for Online Marketplaces Spring 2026
- DBA4814: Analytics in Digital Marketplaces Spring 2026
- DAO1704: Decision Analytics using Spreadsheets and AI Fall 2025
- BMA5017: Managerial Operations and Analytics Spring 2025
